Dear Madam:

Please advise whether or not you are desirous of any more tickets than the four agreed upon as your allotment at the recent League meeting. *pass*

As your representative in Washington, I am making every effort to see that things run smoothly at this All Star Game, and prompt notification from you as to the number of tickets you desire; whether or not you wish me to reserve rooms at one of the local hotels for you and your players will save much last minute embarrassment both to you and to the committee in charge.

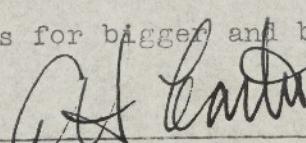

It is possible that I can arrange a complete car on the Train-Blazer from Washington to Chicago on the day after the game.

Would you want your players to travel that way?

If so, advise me, and I will make proper reservations to be picked up two days before the game.

It is urgent that both these matters be taken into immediate consideration and your answer forwarded to me promptly.

Yours for bigger and better classics,

  
Art Carter  
Member, Committee in Charge
